## International Students

**Health insurance is mandatory for international students, their spouses and children.** For more information, see our website at: <http://studentaffairs.psu.edu/health/services/insurance/international.shtml>.

## Children and Dependents

Students who participate in either plan may insure their dependents. Eligible dependents are the spouse and unmarried children under 19 years of age or 23 years if full-time student college students who are not self-supporting. UHS provides care for spouses and children (over age 18) covered by the Penn State insurance plans. Area health care services for children (under age 18) can be obtained through the Penn State Hershey medical groups. Care can also be found on the Devon Health Services site at [www.devonhealth.com/provider-finder/search.aspx](http://www.devonhealth.com/provider-finder/search.aspx). Under "Specialty" select "Pediatrics".
