LGBTQ Mentors Needed

The mentorship program allows graduating students who identify as LGBTQ to mentor another LGBTQ student at Penn State.

Through the program, mentors are able to offer resources, emotional support, assistance setting goals and choosing a career path, guidance through sexual and gender identity development all while encouraging healthy activism and LGBTQ leadership engagement.

If you are interested in being a mentor, please check out our website: StudentLife.psu.edu/lgbtq/mentorship.html

See what past mentors had to say about their experience in the program:

- “It made me think deeper and gained new perspective on myself.”
- “I gained improved social skills and public speaking skills.”
- “I feel more connected to LGBTQ life on campus.”
- “The mentorship program helped with self growth and being more familiar with graduate resources.”
