

Campus Recreation Executive Report

2018-2019

At Penn State Campus Recreation, we work to inspire a healthy, engaged, and inclusive Penn State Community. Our mission is to provide a wide variety of recreation programs, spaces and services that foster meaningful connections and support positive choices for lifelong holistic wellbeing. As we continue to evolve and grow as a department at Penn State, we hope to create an environment that not only makes the lives of students better but further progresses the State College community.

Employee Testimonials

Christine Tamburri

Outdoor Adventures Trip Leader/Facilitator
Senior, Geo Science

“One of the biggest things that I love about working for Campus Recreation is the people I’ve met along the way – people from all different backgrounds coming together to achieve a common goal. The opportunity to be in a position of leadership, as a student leading fellow students, is both challenging and a lot of fun.”

Kate Main

Member and President of the Swim Club
Senior, English & CAS double major

“The Club Sports program really fosters an environment of positive relationships and I wanted to be able to give back by taking on that role of bringing new people in and giving them that same experience I had. The people really care about each other regardless of position and there’s a strong feeling of connection and family within the team. I love being energized by walking into work and am passionate about what I do. I really appreciate how meaningful the work is.”

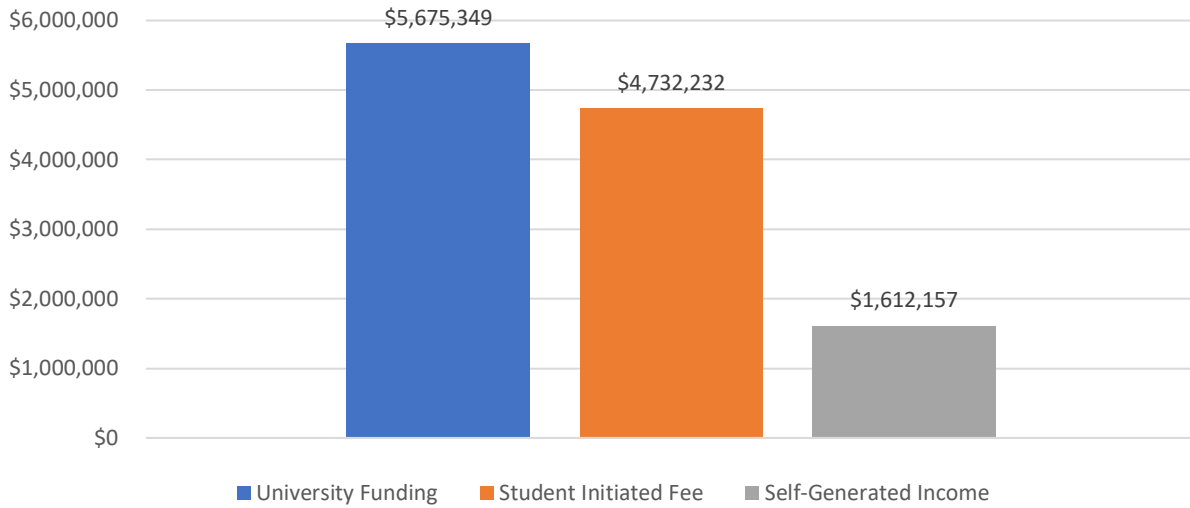

Nilza Costa

Aquatics Head Guard

Graduate Student, Healthcare Administration

“Teamwork is on the major skills I’ve experienced and gained in this position. I learned a lot about customer service, time management, and communication in this position which I know will help me in my future career. It can be easy to feel lost, especially as a freshman, on a large campus and it’s good to know that Campus Recreation is there to provide so many awesome opportunities.”
